

Peekaboo Table Runner

Finished Size: approx. 10" x 27"

Materials

Fabric: 1 or 2 charm packs of 5" precut squares OR

24 - 5" squares (12 for the top cutouts and 12 for the peekaboo fabric)

Backing: 12" x 30"

Batting: Lightweight, 12" x 30"

Binding: FatQ or 1/2 yd (cut on bias)

Pattern Fabric

Pellon 830 Easy Pattern (45" wide) - 1/3 yd OR

Swedish Tracing Paper Fabric (29" wide) - 1/2 yd

5 inch Peekaboo Fabric Tool™

Cut

from the pattern fabric: 12 - 5" x 5" squares

Trace

Align the Peekaboo Fabric Tool with the edges of the square of pattern fabric. Trace the inner leaf shape edge with a FriXion pen or other marking pen or pencil. *It doesn't matter which side of the pattern cloth you mark on.*

Construction

1 Choose which squares of fabric will be for the top with the reverse applique and which will be the bottom *Peekaboo* fabric.

2 Make the reverse applique squares and layer on top of the peekaboo fabric squares. Refer to the **Making the Block** instruction sheet or instruction video for detailed instructions.

Note: Make sure to have the 12 squares with right sides **UP** before pinning the 5" squares of pattern fabric on top.

3 Arrange the blocks as shown in the tablerunner photo and sew together, pressing the seams open.

Note: You may need to use a **3/8" seam allowance** depending on how much edge distortion you have on the reverse applique top blocks.

Tip: Refer to the Peekaboo Fabric Tool instruction video for more detailed instructions on marking, sewing and turning the pattern fabric.

Finishing

Layer the table runner top, batting and backing. **Wait to trim the curved ends until after the quilting.** Edge stitch around each leaf shape (as close as a 1/16th or 1/8th inch). Then quilt as desired around the reverse applique and inside the leaf shapes. Echo quilting was used in the tablerunner above.

After quilting, on each end, trim parallel to the curve of the leaf shape about 3/4 inch away. Finish with bias binding.
